## **COMMENTS ON RESULTS**

## ACCOUNTING STANDARDS

The abridged condensed financial statements for the quarter ended 31 March 2019 are unaudited and have been prepared using the same accounting policies as those adopted in the financial statements for the year ended 31 December 2018.

# RESULTS

Group's Income for the first quarter decreased by 1.2% to reach Rs 39.6M compared to Rs 40.1M. This is mainly attributable to a drop of 29% in football income representing Rs 9M, despite a 2.3% increase in turnover. This is explained by a significant increase in payment to winners. Income derived from the Tote operation increased by Rs 7.8M as two race meetings were organized in the quarter compared to one in 2018. The Group realised a loss due to the seasonal aspect of the operations.

## PROSPECTS

The Tote turnover for the first six race meetings increased by 16.3% compared to the previous year, this significant increase is mainly attributable to the fact that Off Course bookmakers did not operate. The company is expecting a slight growth in 2019 as the bookmakers will resume their Off Course activities in May. On the other hand, the football turnover is slightly up by 2.2% for the first four months. The company is expecting that slight growth to be maintained for 2019.

Taking into account the present trend, we expect the results to be at par with last year.
